

2010/2011 ANNUAL REPORT

ALL IT TAKES IS

WE ARE AMAZED

We are amazed by the past year – so much has been accomplished. Our distribution of food increased by 32 percent since last year, meaning 5,377,792 more meals were distributed to families in need. Food came from every conceivable source, including farmers/growers, manufacturers, distributors, wholesalers, retailers, restaurants and resorts, catering companies and community food drives. Volunteers are helping at record levels; we received a total of 35,115 hours this past year. These numbers show how dynamic and deep-rooted our food and volunteer resources are within the Central Florida community. You, and your neighbors, stopped hunger in its tracks for many in 2011.

We are amazed and shocked for a different, more troubling, reason – recent hunger studies show an increase in the number of children in need. In Central Florida now, roughly one in four children are food insecure. The remainder are senior citizens, working poor, homeless people, unemployed and the disabled. A year ago, our partner network of programs reached 732,000 people. These numbers remind us: We have a lot of work to do as the economy struggles to come back.

We are amazed and proud to report that we continue to help more and more people, while remaining financially solid and debt-free. We work hard to be worthy stewards of the community's generosity.

Efficiency in accomplishing our mission is so important. Outside sources such as Charity Navigator affirm our efforts by awarding their highest four-star rating to Second Harvest.

We are amazed by the incredible effort of our 500 partner agencies that literally feed thousands of people each day. Their passion is at the heart of our inspiration.

We are amazed and genuinely appreciate you taking the time to spend a few minutes reviewing this report. We trust that you will find it energizing and full of hope. For those of you who already support the work we do in the community, thank you. And, for those of you who may be newly discovering our work, please contact us, as it will be our pleasure to speak with you regarding how you can join the effort to fight hunger in Central Florida.

On behalf of the thousands of people who benefit from your generosity, thank you. *You are amazing.*

Susan Reimer-Sifford
Chair, Board of Directors

Dave Krepcho
President/CEO

**MAKING A DIFFERENCE,
ONE MEAL AT A TIME.**

PROVIDING ACCESS TO FOOD
AND OTHER GROCERY
PRODUCTS IN ORDER TO HELP
MEET THE NEED.

PROMOTING AND SUPPORTING
THE DEVELOPMENT OF OUR
PARTNER AGENCIES' ABILITY TO
FULFILL THEIR MISSIONS.

MOBILIZING LEADERS AND
COMMUNITIES BY BRINGING
VISIBILITY TO THE INVISIBLE
PROBLEM OF HUNGER AND
POVERTY.

DEVELOPING MORE HOLISTIC
AND COUNTY-SPECIFIC
SOLUTIONS TO HUNGER IN THE
CENTRAL FLORIDA REGION.

MISSION: TO FIGHT HUNGER IN CENTRAL FLORIDA

Thank you.

IN FISCAL YEAR 2010/2011,
10,146 VOLUNTEERS
CONTRIBUTED 35,115 HOURS —
THE EQUIVALENT OF NEARLY
17 FULL-TIME STAFF MEMBERS!
WITHOUT THE HELP OF THESE
INCREDIBLE PARTNERS,
SECOND HARVEST FOOD BANK
COULDN'T BEGIN TO HAVE
SUCH A POWERFUL — AND
CRITICALLY NEEDED — IMPACT
ON HUNGER.

BOARD OF DIRECTORS

MEMBERS AT LARGE / Kari D. Baker / Ed Colleran / Michael Dosal / Mike Eagen
Ted Hamilton, M.D. / Allison Hudson / Andrew W. Kimpel, CPIM / Marcus Lyons / Paul W. Morgan
Kim Mowatt / Deborah Rusnock / Jim Schreiber / James S. Toscano / Edwin Wronski

OUR BRANCHES

- Collectively in fiscal 2010/2011, our organization distributed **32,830,936** pounds of food in six counties – which include Brevard, Volusia, Lake, Orange, Osceola and Seminole.
- In fiscal year 2010/2011, the Volusia Branch provided **4,259,717** pounds of food to more than 85 non-profit organizations.
- Our Brevard Branch distributed **4,528,568** pounds of food to more than 77 non-profit organizations during fiscal year 2010/2011.

FOOD DISTRIBUTION

GENERAL FOOD DISTRIBUTION

Products donated by manufacturers, wholesalers, retailers, growers and others are distributed to emergency food pantries, shelters and other types of agencies serving clients in need. This program distributed 20,062,465 pounds of nutritious food in fiscal year 2010/2011.

KIDS CAFE

At 13 after-school sites in three counties, 168,124 prepared or catered meals were served in fiscal 2010/2011. On average, 1,250 children were served daily. In total, more than 1 million meals have been served since the program's inception in 1993.

SUMMER FOOD PROGRAM

During 51 operational days last summer – a time when children in needy areas lack access to school lunch programs – 69,768 meals were served at 24 sites in four counties, reflecting an increase of 62 percent over the previous year. Through a grant from Johnson & Johnson, we were also able to provide the children with 13,750 take-home, shelf-stable food packs for the weekends. And, for the first time, we were able to serve Osceola County. Since the program commenced in 2008, Second Harvest Food Bank has provided more than 162,000 summer meals.

HI-FIVE KIDS PACK PROGRAM

Last year, 51,791 shelf-stable food packs were provided to needy children at 20 elementary schools and 25 community sites. These packs are meant to help bridge the nutritional gap that exists during weekends, when children lack access to school cafeterias. Since 2006, more than 143,173 packs have been distributed.

COMMUNITY FOOD DRIVES

An amazing 1,154,164 pounds of non-perishable grocery products were collected in fiscal 2010/2011 through our community food drives, including:

- Boy Scouts of America/Scouting for Food
- National Association of Letter Carriers Food Drive
- WESH News Channel 2's "Share Your Christmas" Food Drive
- CANstruction
- Local church, school and workplace drives

TEFAP DISTRIBUTION

The Florida Department of Agriculture awarded distribution contracts for Orange, Seminole, Lake, Brevard, Volusia and Marion counties to Second Harvest Food Bank of Central Florida for its distribution program for government food commodities. In fiscal year 2010/2011, a total of 8,973,364 pounds of these wholesome products were made available to Central Floridians in need.

SECOND HELPINGS

This prepared/perishable food program distributed 1,339,780 pounds of food in fiscal 2010/2011 to agencies that provide onsite meals for senior citizens, shelters, soup kitchens and non-profit kids' programs.

GROCERY ALLIANCE

With more than 300 retail locations throughout Central Florida, this vast food recovery program brought in 10,558,792 pounds of food in 2010/2011 – more than a 100% increase over the previous year. Each day, participating retailers gather and prepare unsalable, but perfectly consumable products, for donation. Donations are collected via our fleet of refrigerated vehicles

Monday through Friday, and are brought back to the food bank, where they are inspected and distributed to our feeding partners. The Grocery Alliance product mix – which includes meat, produce, dairy, bakery and dry goods – offers a wide range of nutritious foods. In mid 2011, the program began yielding more than 1 million pounds of donated product per month.

BUILDING SOLUTIONS TO HUNGER

WHY A CAPITAL CAMPAIGN?

Today in Central Florida, hundreds of thousands of children, seniors and families are experiencing hardship due to record unemployment, home foreclosures and the tightening of credit. And, the number one problem caused by the current economic situation is hunger. Last year, nearly one in five of our neighbors – 732,000 people – could not afford to buy enough food.

More than 500 non-profit feeding partners in Second Harvest's service area continue to face historic demands for food. Even as the community's economic situation begins to improve, an enormous gap remains between those who need food and the amount available. The hunger relief system must expand to meet this need.

It's estimated that to fully meet the demand, Second Harvest's annual distribution would have to double. But the ability of SHFB to continue moving forward in its mission to alleviate hunger is now severely limited by current facilities and infrastructure.

With the investment and help of our community, Second Harvest will be able to provide a greatly expanded and more efficient food delivery system to tens of thousands of people in need every week.

WHY BUILD NEW VS. RENOVATE?

For nearly two years, a volunteer/staff committee – along with CNL Commercial Real Estate Services – examined facilities and vacant land in a targeted geographic area. Even when retrofitted or remodeled, no existing properties were found that could adequately meet our needs. The lowering price of building materials, contractor fees and other costs due to the economy helped to make new construction a feasible option. Using a cost-per-square-foot comparison, we found that the costs of ground-up construction were not significantly different from purchasing and retrofitting an existing facility. After intensive number crunching and discussion, it was determined that building new would provide the Food Bank with exactly the features it needs, along with the energy efficiency required to operate as cost-effectively as possible in the future.

A SPECIAL THANK YOU TO OUR MOST VALUED PARTNERS AND DONORS (7/1/10-6/30/11):

M.V.P.

Agency dock doors increase by 300% allowing us to increase service to our agencies with six doors of weather-protected docks

Dry storage capacity increase of 113%, doubling our ability to handle dry product by utilizing 30-foot clear ceilings to maximize space usage

Refrigerated capacity increase of 440%, allowing us to provide more nutritious food to the community

Freezer capacity increase of 330%, which would accommodate 19 truckloads of product

COOL DOCK with 3 doors will provide us with the ability to maintain the correct temperature of product for safe food handling

In-bound docks increase by 450% with 9 dock doors, including 3 cool dock doors, to allow more donated product

A dedicated volunteer area to allow groups of 100+ to serve the community by sorting food and feeding children through our school and summer feeding food pack programs

A community kitchen which will serve to train members of our community to become employed in the food-service industry and improve their basic lifestyle skills

A large salvage area to provide our volunteers with space to sort product to ensure product integrity

A community meeting/events center, will provide space for community events, training and community relations

A large agency shopping area, which will provide temperature-controlled shopping for all refrigerated and frozen produce, ensuring product safety

Increased capacity will provide an average of **1 million** more meals for children each year

TOTAL WAREHOUSE AREA
70,864 SF (with walls)

EACH YEAR, MORE THAN 4 MILLION POUNDS OF FOOD ARE BEING TURNED AWAY DUE TO LACK OF SPACE.

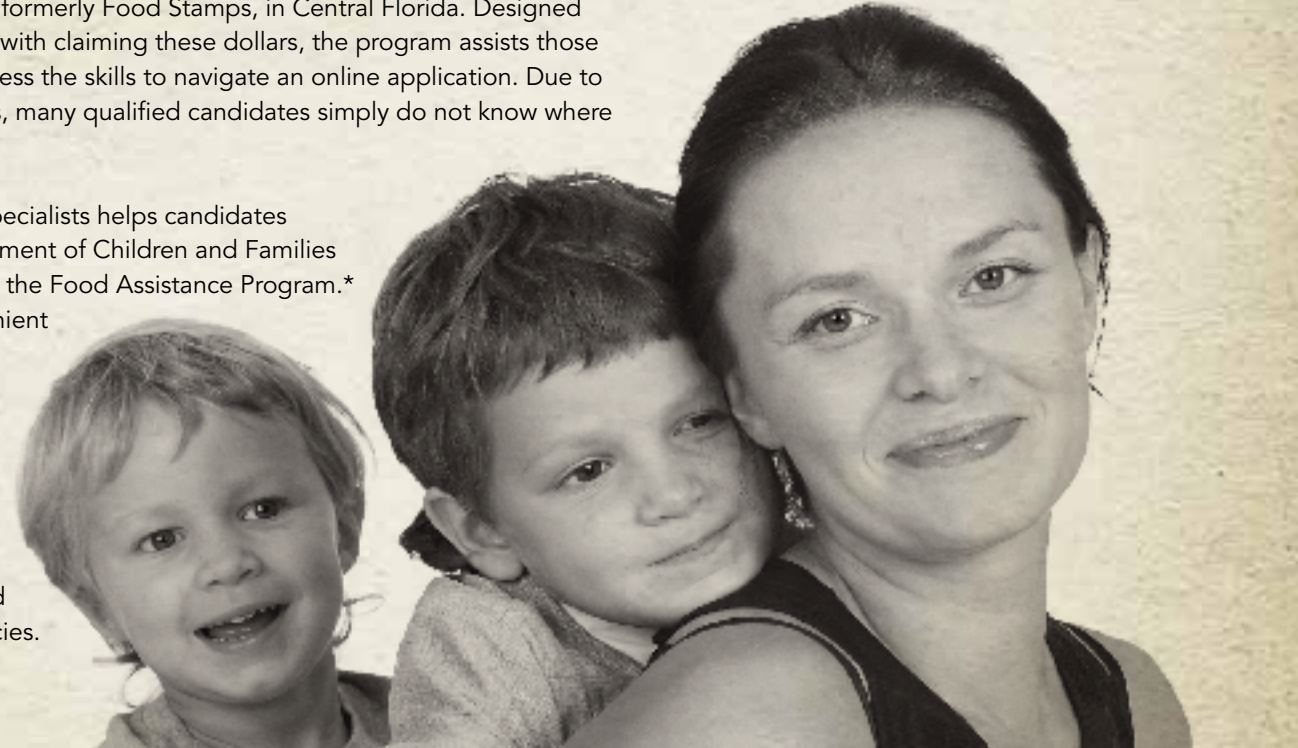

ONE SPACE: MILLIONS OF MEALS

BENEFITS CONNECTION

Benefits Connection helps to capture a portion of the millions of unclaimed federal dollars for the Supplemental Nutrition Assistance Program (SNAP), formerly Food Stamps, in Central Florida. Designed to help people overcome the challenges associated with claiming these dollars, the program assists those who either lack access to a computer or do not possess the skills to navigate an online application. Due to a general lack of awareness regarding these benefits, many qualified candidates simply do not know where to go to obtain information and assistance.

In order to maximize claims, our team of outreach specialists helps candidates complete online benefit applications, submit Department of Children and Families documents and complete the interviews required by the Food Assistance Program.* By offering advice and support at a variety of convenient locations, we can successfully extend our reach and better facilitate the food assistance process.

Since its inception, the Benefits Connection program has secured more than \$39 million in food stamp funds for Central Floridians. In addition to food stamp benefits, our specialists are also able to sign clients up for Medicaid and cash assistance, and provide referrals to a network of collaborating agencies.

FEEDING HOPE

Each individual has made a pledge commitment of at least \$1,000 per year for five years. These special people are members of a society that will continue to move Second Harvest Food Bank's mission toward sustainability and hope for our neighbors in need. We thank them for helping us to change lives for the better today . . . while sharing our vision for the future.

ONE COMMUNITY REACHING OUT TO ANOTHER

*In June 2009, Second Harvest Food Bank received a Federal Demonstration Project grant – one of two in the United States – which allows our specialists to perform the final interview for applicants. This relieves the pressure DCF faces in returning calls and has resulted in a much higher approval rate for our cases.
